NUMBER 8

## RUTHERFORD HEADS UNITED WAY DRIVE

Tom Rutherford, Director of Auxiliary and Personnel Services has been appointed Chairman of the F.I.T. United Way Campaign for the coming year.

The campaign, which is already underway, comes under the Brevard County Colleges and Universities Division, headed by Dr. William Nunn.

Rutherford plans a busy and quick-acting drive. "We hope to involve the Student Government Association more this year and will be calling on student leaders to help us reach our goal."

Faculty and staff leaders will also be named soon.

"Our aim is to put together an effective but brief campaign, using the payroll deduction plan for employees. I solicit the cooperation of everyone on campus," said Rutherford.

The United Way campaign kick-off was September 9 and October 28 is the date of the final report meeting. Goal for the year is \$1,001,776.

## NEW FACULTY NAMED

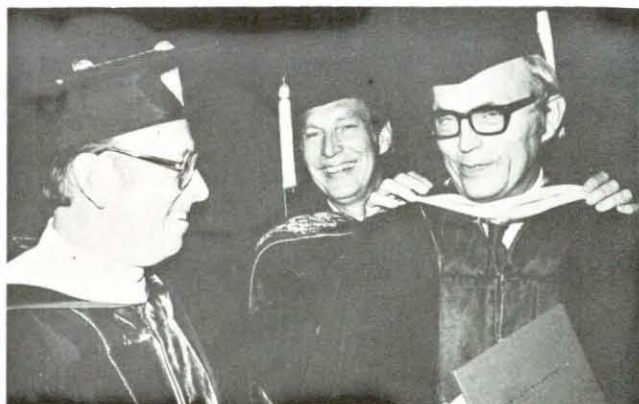

Nineteen full-time members have been added to the F.I.T. faculty, beginning with the fall quarter.

The announcement was made by Dr. John E. Miller, Vice President for Academic Affairs and Executive Vice President.

In the School of Science and Engineering: Mr. R. L. Turner, Assistant Professor, Biological Sciences; Mr. J. C. Christie, Asst. Professor of

## DEGREES CONFERRED ON 121 GRADUATES

Dr. Keuper and Dr. Miller pictured with degree recipient, Douglas G. Corderman.

Summer Commencement exercises were held on Friday morning, Sept. 3 at 10:00 a.m. in the F.I.T. Auditorium. One hundred and twenty-one degrees were conferred at the ceremony.

An honorary Doctor of Science degree was awarded to Mr. Douglas G. Corderman of St. Louis, Missouri, President of National Contract Management Association.

The National Contract Management Association is an organization of 5,000 members with chapters in sixty cities, devoted to education and professionalism in the field of contracts and procurement.

During the past year, the Association has experienced a substantial growth in membership, the addition of many new chapters, a strong financial position, and most especially, an emphasis on education and professionalism.

The man most responsible for this outstanding development, and who provided the inspirational leadership, is Douglas Corderman, the President of N.C.M.A.

He graduated from Dartmouth College in 1952 and received a law degree from Harvard Law School in 1955. He is Vice President of Administration for the Electronics and Space Division of Emerson Electric Company. Prior to that, he worked with McDonnell Douglas and General Dynamics and other major government contractors.

## HAPPENINGS

by Jean

2nd LT Darrel A. Williamson being commissioned by father, LCDR Donald A. Williamson, USN, [Ret].

**MILESTONE**—Friday, 3 September, was a special day for me. I was a proud parent as my husband Don commissioned our son, Darrel into the Army. LCDR Donald A. Williamson (Ret.) commissioned Darrel Alan, and COL George G. Jones III (Ret.) commissioned Scott Graham (son of Mr. and Mrs. Billy Graham, formerly in E.E. Department). Both brand new lieutenants had their bars pinned on by the officers and their moms. Following the commissioning, we went to the Gleason Auditorium to watch the boys receive their diplomas, making it a double event. Proud relatives of both lieutenants on hand included grandmothers, aunts and uncles from various location (Darrel's gram came down from Michigan for the occasion). Darrel will be going on active duty in January using his new degree in space sciences in the Ordinance branch, with a speciality in missile management. Scott will just be going on active duty for training for three months in March, to train for field artillery. Scott is employed by an engineering firm at Titusville, already making use of his brand new E.E. degree.

**TRAVELERS**—R. J. "Jay" Moulton, School of Aeronautics professor and his wife, Marilyn, a harpist with the Brevard Symphony orchestra, put in a lot of interesting mileage by sea, air and land this past summer. In June they sailed their 28 foot sailboat, "Fly L'eau III" some 600 miles to Green Turtle Cay in the Bahamas; in July they flew some 6,000 miles to Montreal for the Olympics and to Clearwater Fjord on Baffin Island above the Arctic Circle to fish for Arctic char. In August they drove their mini-motor home 6,400 miles to Albuquerque, Las Vegas and the Black Hills to visit children and grandchildren out west. Sounds as if they had a really marvelous and adventurous summer.

**ANNIVERSARY**—Christine Johnson will complete ten years as a library staff member on October 8. She has worked evenings in the Technical Services Department of the library for the entire time. At present she works three

evenings a week: Tuesday, Wednesday, and Thursday.

**NEW ARRIVAL**—Eileen Hall, Head of Technical Services, was in Atlanta to welcome her new grandson, Bernard Richard Hall, who arrived 17 Aug. at Piedmont Hospital there. This is her ninth grandchild. Parents are Martin and Bernadita (Edith) who were married last October in Cebu, Phillipines.

Since I took a week off to entertain guests, not too much news this month, and time factor limits the column, so will say Happy Birthday to all in September (be in next column) and a welcome aboard to all new faces on campus.

### NEW ROTC HEAD

Lt. Col. Gerald B. Goodchild has arrived on campus to head the Military Science Department. He comes to F.I.T. after a tour of duty in Washington, D.C.

The new Professor of Military Science holds an MBA from the University of Alabama and is a graduate of the Army Command and General Staff College. Lt. Col.

Goodchild has over 20 years of military service. Four years were spent at West Point, New York, where he headed the Humanities Department. Lt. Col. Goodchild and his wife, Alicia, have four children, one of whom will be a freshman at F.I.T. this fall. They reside at Merritt Island, Florida.

Lt. Col. Goodchild

### RINGLING MUSEUMS SETS FALL PROGRAM

The Melbourne Area Chapter of the Ringling Museums has announced its Fall program, "Art From Around the World."

On Sept. 24, the Patron's Luncheon features George Bolge as the speaker along with a "Silent Auction of Art" with art donated by Liz Hanson, Mona Jordan and other well-known local artists. Proceeds will enable disadvantaged children to attend Children's Art Adventure, 1976.

The place is Eau Gallie Yacht Club, beginning at 11:30 a.m.

Other events scheduled for October include "Children's Art Adventure" at Wells Park (10:00 am—4:00 p.m.) on October 9, and "Exhibition Preview Party", October 17.

## NOTES FROM JENSEN BEACH CAMPUS

Another year of successful summer programs at the Jensen Beach Campus has drawn to a close. A total of one hundred and nine students participated in the six programs, two in College Credit Marine Environmental Studies, two in Diving Technology, and two in High School Marine Environmental Studies. These were held from June 20 through July 31 and from June 22 through July 7, respectively, and from August 8 through September 18 and from August 3 through September 18, respectively.

The College Credit Marine Environmental Studies Program was six weeks of research and recreation at Jensen Beach and in the Cayman Islands. A "hands-on" application accompanied all classroom presentations. Laboratory analysis, sampling in various shoreline environs, and at-sea sampling, aboard our fully instrumented oceanographic vessels, was integral to the intent of this unique summer program. A week of diving and underwater photography in the Caymans rounded out this exciting learning experience.

The six week program in Diving Technology, which was designed as a comprehensive learning experience, incorporated advanced diving, diving physiology, recompression chamber operation, first aid and senior lifesaving. All classroom instruction was followed by practice in the pool, recompression chamber, or in the open water. The final week of this program was also held in the Caymans.

The life cycles and ecology of some near-shore environs were studied in the intensive two-week learning program in High School Marine Environmental Studies. Actual samplings and classifications were made, and students were introduced to basic ecological principles concerning the effects of pollution, as well as economic aspects of pollution and conservation. In addition to laboratory analysis, cruises aboard the school's oceanographic vessels and snorkeling along the nearby reefs and jetties provided key learning experiences.

\*\*\*\*\*

Jensen Beach Campus experienced a record enrollment of over one hundred and fifty students for the regular 1976 Summer Quarter.

## NEW FACULTY NAMED

[Continued from Page 1.]

Philosophy; Dr. P. J. Knoke, Associate Professor, Computer Science; School of Aeronautics: Mr. C. H. Gould, Instructor in Avionics; Jensen Beach Campus: Electronics: Mr. Luis E. Figueredo, Mr. Gerald Lewis; Oceanography: Mr. Lewis E. Gilliland, Mr. Walter H. Manning, Mr. James W. Tanner; Environmental Studies: Dr. Randall G. Hogg, Mr. Richard A. Spell; English/Humanities: Mr. R. Kevin Jones, Dr. N. Blaine Kauffman, Mr. James Kirchner, Mr. Russell D. Van Brunt; Math/Physics: Mr. Paul C. Lee; Diving: Mr. Richard E. Polzin, Mr. James M. Woolley; and Marine Science: Mr. William H. Tate.

## FOREIGN STUDENTS ADVISOR

The appointment of Miss Joy Dickens as Foreign Students Advisor was recently announced by Dr. Ray Work, F.I.T. Vice President for Student Affairs.

Miss Dickens was born in Philadelphia, Pa. She attended elementary and secondary schools in the United States, Argentina and Chile, obtaining the Junior Cambridge Certificate. University study included undergraduate work at Butler University in Indianapolis, from which she obtained an A.B. magna cum laude (Phi Kappa Phi in her Junior Year); graduate work at the University of Wisconsin as a Legislative Scholar, M. A. in June, 1938; additional graduate study at George Washington University and Wellesley College.

Joy Dickens

Miss Dickens entered Foreign Service in Buenos Aires during World War II and served until April, 1948, resigning to accept the post of Professor of English at the National University of Tucuman in Argentina.

From 1969-72 she was an examiner for USIA, Board of Examiners for the Foreign Service in Washington, D.C. and travelled to key cities to give oral examination for Foreign Service Officer candidates who had passed the written examination.

In November, 1958 with the rank of attache, she was Cultural Affairs Officer at Asuncion, Paraguay, and served as Chairman of the Fulbright Commission. She was detailed to the Department of State in February, 1961 as Regional Programs Officer in the Office of Inter-American Affairs, Bureau of Educational and Cultural Affairs. For five years she served as Educational Exchanges Officer at Madrid and Lima where she also served as a member of the Fulbright Commission.

In 1972, she was appointed First Secretary (Assistant Cultural Affairs Officer) at the American Embassy, Caracas, serving as Acting Cultural Affairs Officer in the absence of the CAO, having primary responsibility for development of the Educational Exchange Program, (which includes a large International Visitor Program, Voluntary Visitors Program, Foreign Student and U. S. Professor Programs and cooperation with private programs).

Miss Dickens is a member of the Soroptimist Club of Venezuela (the only American), of the Venezuela-American Association of University Women (VAAUW), and a member of the Education Committee of the North-American Association of Venezuela.

## SEPTEMBER—OCTOBER CALENDAR OF EVENTS

### SEPTEMBER 21

New full-time students report JBC.

### SEPTEMBER 22

New full-time students report Melbourne Campus.

### SEPTEMBER 22—26

Student Government Orientation.

### SEPTEMBER 24

Registration for Freshmen - Melbourne Campus.

### SEPTEMBER 26

Registration for all students - JBC.

### SEPTEMBER 27

Beginning of classes for full-time students; beginning of evening classes - JBC.

Registration for full-time students; beginning of evening classes - Melbourne Campus.

### SEPTEMBER 28

Beginning of classes for full-time students - Melbourne Campus.

### OCTOBER 1

F.I.T. Astronomy Society movie, 7:00 p.m., F.I.T. Auditorium.

### OCTOBER 2

F.I.T.S.S.F.&F. movie, "Doc Savage", 7:00 p.m., F.I.T. Auditorium.

### OCTOBER 3

S.G.A. movie, "Monty Python & The Holy Grail", 7:00 p.m., F.I.T. Auditorium.

### OCTOBER 4

Eta Sigma movie, "Sometimes a Great Notion", 6:30 p.m., F.I.T. Auditorium.

### OCTOBER 6

Theta Xi movie, "Fritz The Cat", 7:00 p.m., F.I.T. Auditorium.

### OCTOBER 8

Alpha Epsilon Pi movie, "Flesh Gordon", 7:00 p.m., F.I.T. Auditorium.  
Soccer: F.I.T. Jensen Beach Campus vs. F.I.T. Melbourne Campus at Melbourne, 2:00 p.m.

### OCTOBER 9

Marcia Duggins School of Dance Recital, 7:30 to 10:30, F.I.T. Auditorium.

### OCTOBER 10

S.G.A. movie, "The Wind & The Lion", 7:00 p.m., F.I.T. Auditorium.

### OCTOBER 11

Varsity basketball practice begins.

### OCTOBER 15

## SPORTS COMMITTEE APPOINTED

Florida-Colombia Partners, a nonprofit organization that helps promote economic, social, and humanitarian development of the American hemisphere, has a new sports committee.

Dr. Arthur A. Kimball, Executive Director of Florida-Colombia Partners made the announcement prior to luncheon for the group, hosted by Dr. Jerome P. Keuper, President of F.I.T. and the President of Florida-Colombia Partners.

Committee Chairman is Chaplain, Major General Roy M. Terry, USAF, Ret., presently a National Director of the Fellowship of Christian Athletes. Also on the committee are Carl Meyer, Dir. of Recreation, City of Melbourne, Paul Zeno, Dir. of Recreation, Brevard Co., Dr. Joseph Doller, Andy Seminick and Tom Nugent, all former sports notables, Bill Jurgens, current F.I.T. Dir. of Athletics, and Melbourne Businessmen Joe Brett, Joe Grooms, Jim Rathman and Percy Hedgecock of Satellite Beach.

Special guests, who addressed the group, were John Horshok, Sports Dir. of Partners of the Americas, Washington, D.C., and Bob Blase, representing Coco Cola, Latin America, from Miami.

The Committee plans to meet again soon to consider sending representatives to South America to formulate plans for clinics and related sports events.
