

End-of-Cycle Assessment Analysis Questions for Administrative Units

Updated November 2021

Instructions:

- Login to Weave (www.fit.edu/aasac; click Weave logo at bottom of page).
- From the 'Projects' tab at the top of the page, navigate to the project for which you are completing analysis questions.
- Within the project, the second area on the page will be titled 'Analysis Questions'. Click into the textbox below this title (labelled 'Description').
- Copy and paste the below questions into the textbox.
- In the same textbox, answer each question below where it is pasted.
- When finished, click anywhere outside of the textbox to auto-save your entry.

Analysis Questions:

1. Based on your assessment findings from this and recent years, summarize the key trends in your assessment data and what they tell you about the achievement of the outcomes for your department/unit.
2. Reflecting over the past three years, describe what changes your department/unit has made directly in response to assessment findings and how those changes impacted the achievement of outcomes based on your current assessment findings.
3. Looking forward, describe how your department/unit will use the assessment findings from the past three years to make changes that attempt to improve the student experience and achieve the objectives within your area.
