

2020-2021 Internship Report

Due to the pandemic, '72% of internships moved to a remote or hybrid format. 79.9% of eligible interns received a job offer.'

-National Association of Colleges & Employers, 2021

The global pandemic of 2020 highly impacted employment, including internships. While some 2020 internships were cancelled, 2021 has shown a return of many opportunities. Internships continue to be a valuable asset to a career path.

Career Services provides assistance in finding an internship through career fairs, employer events, interview days, workshops, individual appointments, and the Handshake & CareerShift job board.

If you would like to report an internship, contact career@fit.edu.
