

This quick reference guide is designed to give information per 40CFR262.262 in a concise formatted document.

- Florida Tech has several classes of hazardous materials/waste (liquids, gases, and solids) such as the following: flammable, corrosive and toxic compounds.
- Throughout the course of a calendar year Florida Tech may have the following amounts of hazardous materials/waste on site:

Hazardous Waste	Associated Hazard(s)	Estimated Maximum amount
Flammable liquids	Ignitable	150 Gallons
Acids	Corrosive	150 Gallons
Bases	Corrosive	30 Gallons
Toxic liquids	Toxic	100 Gallons
Toxic solids	Toxic	55 Gallons
Aerosol cans	Flammable	100 Gallons
Metals in solution	Oxidizer, Toxic	30 Gallons

- The following hazardous material/waste classes may need medical assistance if personnel are subjected to uncontrolled exposure above the recommended government limits: flammable, corrosive and toxic compounds.
- Florida Tech has a fire alarm system at multiple buildings and a 24-hour on site Security Department that make conduct routine patrols on campus.

The below map represents the location of Spill kits and Automated External Defibrillator (AED) units:

SPILL KIT AND AED LOCATIONS

KEY
 = Spill Kit Location

- 1** Columbia Village Generator
- 2** Evans Hall Waste Grease
- 3** Denius Waste Grease
- 4** EHS Storage Room
- 5** Gleason Generator
- 6** Panther Dining Hall Waste Grease
- 7** Olin Physical Sciences Generator
- 8** Olin Life Sciences Generator
- 9** Above Ground Storage Tanks And Main Accumulation Area
- 10** Solvent Storage Room
- E** Elevator Mechanical Room Spill Kit

The below map represents the location of Oil and Hazardous Material Storage areas:

OIL AND HAZARDOUS MATERIAL STORAGE LOCATIONS

KEY

- = Aboveground Storage Tank (Contains Diesel Fuel)
- ▲ = Aboveground Storage Tank (Contains Greases)
- ◆ = Aboveground Storage Tank (Contains Gasoline)
- ◇ = Aboveground Storage Tank (Contains Used Oil)
- ⊗ = Transformer (Contains Dielectric Fluid)
- E = Elevator (Contains Hydraulic Oil)
- = Hazardous Waste Main Accumulation Area (MAA)
- = Universal Waste Storage Area
- = Solvent Storage Room
- = Nitrogen Storage Tank
- ⊕ = Holzner Health Center

The below map represents the facility in relation to surrounding businesses, schools, and residential areas.
