Your 2014–2015 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that before awarding Federal Student Aid, we may ask you to confirm the information you (and your parent(s) or spouse, if applicable) reported on your FAFSA. To verify that you provided correct information, the financial aid administrator at your school will compare your FAFSA with the information on this form and with any other required documents. If there are differences, your FAFSA information may need to be corrected. You must complete and sign this form, attach any required documents and submit the form and other required documents to the financial aid administrator at your school. Your school may ask for additional information. If you have questions about verification, contact your financial aid administrator as soon as possible so that your financial aid will not be delayed.

C. Verification of Other Untaxed Income for 2013

If any item does not apply, enter “N/A” for Not Applicable where a response is requested, or enter 0 in an area where an amount is requested.

If the student was required to provide parental information on the FAFSA, answer each question below as it applies to the student and the student’s parent(s) whose information is on the FAFSA.

If the student was not required to provide parental information on the FAFSA, answer each question below as it applies to the student (and the student’s spouse, if married) whose information is on the FAFSA.

To determine the correct annual amount for each item: If you paid or received the same dollar amount every month in 2013, multiply that amount by the number of months in 2013 you paid or received it. If you did not pay or receive the same amount each month in 2013, add together the amounts you paid or received each month.

If more space is needed, provide a separate page with the student's name and ID number at the top.
