

Whereas Fraternities and Sororities are committed to developing young leaders;

Whereas the leadership has a duty to train their new officers for their future leadership;

Whereas our membership needs the skills and knowledge to further the progress of the Fraternity & Sorority Community at Florida Tech;

Be it resolved that we as the leaders of the Fraternities and Sororities of the Florida Tech Community establish a Fraternity and Sorority development workshop;

Be it further resolved that the chapters will require five (5) members and the president to attend the training on January 28th, 2006.
