If the employee for whom you are entering the EPAF previously had the position number (with suffix) that you are using for the EPAF, you will need to select that position number and suffix on the New EPAF Job Selection page.

To select a position number and suffix that an employee previously had in order to view Current Values

1. Click on the All Jobs button on the New EPAF Job Selection page.

2. Click the radio button in the Select column in the row of the position number and suffix that you are using for the EPAF. In the example below, if you are using 004004-00 as the position number and suffix, click the Select button in that row.
**3. Click Go**

This will allow you to view Current Values on the *Electronic Personnel Action Form* page.
