

# Florida Institute of Technology

The Office of Strategic Initiatives presents...

## FLORIDA TECH PROFESSIONAL DEVELOPMENT PROGRAMS SPSS

### WHO SHOULD ATTEND:

- Students, biologists, engineers, scientists and behavioral scientists who want to learn SPSS in a short time.
- Self taught SPSS statisticians who want to strengthen foundational skills
- Individuals interested in statistical analysis and representation of scientific ideas, case studies, and behavioral analysis
- Professionals who require SPSS in the workplace

### INSTRUCTORS:

The course is taught by Florida Tech professor Richard Tankersley, Ph.D. Dr. Tankersley is an experienced SPSS user in his research and classroom activities; having successfully trained students and faculty members in SPSS related skills and topics, providing basic to highly advanced expertise. He uses online case study training in addition to SPSS exercises derived from real world problems.
