

Greetings,

Our next UGCC meeting is scheduled for 8:00AM Friday, March 12, in the 3rd floor Dean's conference room of the Olin Engineering Building. The agenda items I have are as follows:

1. Adding a new course, BUS 4780, to the curriculum. (See the attached Pierce1.pdf. Because of a number conflict with an old course, the registrar's office has changed the number of this proposed course to BUS 4783. This change should be made to all the documentation that accompanies this item and items 2 and 3 of the agenda.)
2. Changing graduation requirements for Business Administration, Business and Environmental Studies, Accounting, Management Information Systems, Information Systems in Business. (See the attached Pierce2.pdf and Pierce4.pdf)
3. Adding a prerequisite for BUS 4284, BUS 4584, and BUS 4784. (See the attached Pierce3.pdf.)
4. Adding a new course, PSY 2541, to the curriculum. (See the attached PSY2541-Group_Behavior.pdf.)
5. Adding a new course, PSY 4521, to the curriculum. (See the attached PSY4521-Animal_Behavior.pdf.)
6. Adding a new course, MTH 4082, to the curriculum. (See the attached MTH4082.pdf.)
7. UGCC Policies and Procedures document. (See the attached Procedures.pdf and Changingcourse.pdf below. Please note that both of these attachments are in draft form.)
8. Changing the major code for the Applied Mathematics option. (The paperwork has not been received yet.)

Please note: The course number of the new course Human-Computer Interaction, approved by the UGCC at the 2/13/04 meeting, has been changed by the registrar's office from BUS 3505 to BUS 3500. (BUS 3505 was assigned to Travel Agency Management in 1996.)

Next meeting: Friday, April 2.
