

Greetings,

Our next UGCC meeting is scheduled for 8:00 AM Friday, February 4, in the 2nd floor conference room of the new Olin Physical Science Center. The agenda items I have are as follows:

1. Changing the catalog description of Minors to include a 2.0 GPA requirement and the statement that a minor is only awarded at the same time as the major. (See the attached Minors3.pdf.)
2. Reducing the number of credits required to be taken at Florida Tech for a minor from nine to six. The proposed catalog sentence would read "At least six credits of the minor must be taken at Florida Tech."
3. Adding a new minor in Chemistry to the curriculum. (See the attached ChemMinor.pdf.)
