

TO: UGCC - Meeting 7 April 2006

FROM: Alan Rosiene, Department of Humanities & Communication

SUBJECT: Changes and additions to Humanities & Communication course offerings

The Humanities and Communication Department is suggesting the following changes and additions to its course offerings:

1. HUM 2140 World Architecture, a new course requiring COM 1101, but not COM 1102.

This course will provide a Humanities elective in the fine arts at the 2000 level and help us build the pending International Studies minor.

2. HUM 2141 World Art History 1 and HUM 2142 World Art History 2, a new two course sequence requiring COM 1102.

These courses replace HUM 3141 European Art History with a broader and more detailed survey that also will help us build the pending International Studies minor.
