The following were withdrawn from the agenda during the meeting.

Changing Restrictions or Credits in a Course - MAE 4190  
Changing Restrictions or Credits in a Course – CHE 3101 (Note: Director of Catalog Information Liz Fox will check and report back on BANNER’s ability to accommodate a course being both a prerequisite and a corequisite.)

Other:

Registrar Cookie Young brought for discussion the idea to add “unless otherwise noted in the course description” to the current Free Elective section of the Catalog. Expressed were a variety of alternative solutions to the problem of students requesting to take unavailable courses as electives. She said she would look for other ways to remedy the situation.

Soon a same-course-numbers form for HUM 1010 will be submitted to the UGCC.

Our next meeting is Friday, February 20, 2009, at 8:00 a.m. in the Physical Sciences conference room. Agenda items are due Friday, February 13.

Respectfully submitted,

Kathy Turner  
Chair, Undergraduate Curriculum Committee
