*Other restrictions may include changing the grades applied to the course (P, S, A-F, CEU), majors or class limits restricted from registration, or other restrictions.

Remove requirement of "freshman status or instructor approval." This requirement is no longer desired since the course is now part of nanotechnology minor program. Many students begin this minor in their sophomore year and want to take the CHM 1051 course. We always allow them to join the class so there is no need for instructor approval.
