UGCC Proposal to Add Math Prerequisites to General Chemistry 2 (CHM 1102)

This proposal would add the same math prerequisites to General Chemistry 2 that are already in place for General Chemistry 1. Those prerequisites are: MTH 1011 (Precalculus A) and MTH 1701 (College Algebra). We have discovered several instances in which students receive transfer credit for General Chemistry 1 but perform poorly on the math placement exam. They are enrolled in General Chemistry 2 and Precalculus A. This is unfortunate for the student since the mathematics used in General Chemistry 2 is even more rigorous than in General Chemistry 1.
