Finish in five years with Florida Tech's FastTrack Master's Degree Programs. Accelerated master's programs give highly motivated students the chance to take graduate course work while still an undergraduate, thus allowing them to finish a master's degree in less time than they could in a traditional program.

Are you interested in ProTrack at Florida Tech? Yes No

Florida Tech's ProTrack Engineering Co-op combines the proven benefits of traditional university cooperative education with a one-of-a-kind, student-centered approach. Our unique 3-in-4 curriculum structure allows both U.S. and international engineering students to complete up to three semester-long paid work experiences related to their major and career interests while still earning a bachelor's degree in four years. With ProTrack, students graduate on time and ahead of the curve.
