

Summary Questions for Annual Assessment
Adopted April 2019

Instructions: In the new WEAVE, at the top of each program is a section named Annual Analysis Questions. Please copy and paste these questions into that section, and answer them as necessary. Any additional analysis you wish to enter should be appended after you have answered Q3.

If you have any questions, please contact Dr. Ruane (mruane@fit.edu).

Annual Analysis Questions

Please answer the following questions to the best of your ability.

- 1) Briefly, based on the current data available, what is the status of your program? Use the data provided in your annual assessment and explain what it tells us about your program.
- 2) Looking backwards over the last 1-3 years, what recent changes to this program appear to be having any appreciable effect on your current annual assessment results?
- 3) Looking forward, what changes to the degree program and/or to your current annual assessment measures, targets and expected outcomes appear to be needed in light of what is summarized in Questions 1 and 2?
