- Students/faculty/staff members can view opportunities available to them on campus or in the community.

- Students/faculty/staff members can affiliate with a group affiliated with the campus.

AGENCY APPROVAL

For an agency to be listed on the Civic Engagement website, they must be a nonprofit, not-for-profit or a governmental organization. If a student/faculty/staff member wants to add an agency in the Civic Engagement Tracking System, a student/faculty/staff member will need to email civic@fit.edu or submit hours or dollars raised in the Tracking System for the Director of Student Activities and Greek Life to check the agency's eligibility. Once confirmed, the agency is added to the Civic Engagement Tracking System for students/faculty/staff members to document hours or philanthropy dollars.

Agencies are reevaluated every May and June to make sure they are still a nonprofit, not-for-profit or a governmental organization. If they are not, they are removed from the system.

ADDING CIVIC ENGAGEMENT OPPORTUNITIES

For an agency to be allowed to submit an opportunity on the Civic Engagement Tracking System, they must be an approved agency listed on our website or tracking system. To add an event, the agency simply goes to the Civic Engagement website and clicks on "Post Volunteer Opportunities." Once submitted it goes into a queue for the Director of Student Activities and Greek Life to approve. Once the agency is confirmed, the opportunity is added to the Civic Engagement Volunteer Opportunity portion of the Civic Engagement website for students/faculty/staff members to view.

Opportunities can only be on the Civic Engagement website for 6 months at a time and are verified monthly to ensure the agency is still a nonprofit, not-for-profit or a governmental organization. If they are no longer, the event is removed from the system.

WHAT IS CONSIDERED CIVIC ENGAGEMENT
