

Hazardous Waste Satellite Accumulation Area Guidelines

Proper Container Labeling

- The words "Hazardous Waste"
- Complete Chemical Name(s)
- Associated Hazard Characteristics

SCHEDULING DISPOSAL:

When a container is ready to be disposed of schedule a pickup online at <https://www.fit.edu/office-of-environmental-health-and-safety/regulated-wastes/hazardous-waste-pickup-form/>

7 Key Compliance Steps

1. Area is Identified (This sign will do)
2. Containers are closed when not in use
3. Only one container per waste stream
4. Containers are properly labeled
5. Liquids are in secondary containment
6. Containers are properly segregated
7. Containers are free from leaks
