THE VALUE OF JOINING A GREEK ORGANIZATION

LEADERSHIP

One of the greatest benefits to joining a Greek organization is the amazing opportunity to become a leader in your organization and within the campus community. Greek students hold a majority of leadership roles on campus outside of Greek Life. Some of the many organizations Greeks hold leadership positions in include Student Government, Campus Activities Board, the Orientation Team and Residence Life, honor societies, etc.

PHILANTHROPY

Greek organizations at Florida Tech pride themselves in the amount of campus and community service performed and philanthropy dollars raised. Each Greek organization has at least one large philanthropy project that is conducted each year. These projects range from a softball tournament to a food drive to a wall of prejudice to the Special Olympics and everything in between.

BROTHERHOOD AND SISTERHOOD

Brotherhood and sisterhood is the most profound aspect of Greek Life at Florida Tech. It forms bonds of lifelong friendship that are cultivated through chapter and interfraternal activities. During the new member process, these bonds are forged and the true meaning of brotherhood and sisterhood is learned by the new members. One thing that is unique about Florida Tech Greek Life that is not as prevalent at other campuses is the interfraternal bonds between members of different organizations. It is this belief and understanding of one another that leads Greek Life at Florida Tech to be admired by campuses across the nation.
THE VALUE OF JOINING A GREEK ORGANIZATION

SCHOLARSHIP

The purpose of college is to receive a high-quality education. All of the Greek men and women at Florida Tech aspire to be the best possible students they can possibly be. All of the organizations offer many scholastic programs and wonderful scholarship opportunities. Please see below how important academics truly are to all Greek organizations.

Financial Obligations

At Florida Tech, each Greek organization determines its own dues based on individual chapter needs. Please familiarize yourself with what each chapter charges so you will not be surprised about your financial obligations after you join. Greek organizations do cost money, but it is an investment in your college career and future.

Please Note:

- Most chapters offer payment plans for dues so you can pay in installments rather than paying all at once.
- Money should NEVER be the reason you feel you should not choose a certain organization. There is always a way!
- Please review each chapter carefully as each is different.

There are two different type of fees for a member of a Greek organization.

New Member Fee(s)—the new member fee(s) is a one-time payment for a member’s first semester in his/her chapter. This fee typically includes an initiation fee, your badge order, etc. The chapters have totaled the new member fees below to make sure you are aware of the total one-time amount you will be required to pay during your new member program.

Semester Dues—Each member pays a semester fee to the chapter. This money typically goes toward national dues, house corporation dues, social events, philanthropic activities and administrative costs. The chapters have broken down each semester of the academic year below.

The purpose of housing facilities in the Florida Institute of Technology Greek Village is to use safe, common and functional spaces specific to Greek-affiliated organizations in order to promote a positive and unified fraternity and sorority community.

Common spaces within the Florida Tech Greek Village will help residents embrace the differences among each other and their organizations. Meeting and storage spaces will facilitate a more supportive and productive community by allowing members to join together in a central location.

ORDER OF OMEGA

Order of Omega is a Greek Honor Society founded in 1959 at the University of Miami (OH). It recognizes the top 3% of Greeks in both fraternities and sororities who have excelled in the classroom and in leadership positions in the Greek community and on campus. It is only open to those Greeks who are at a junior standing or higher.

FOUR PILLARS

Four Pillars is our annual leadership symposium that is hosted by the Office of Greek Life. Each year presenters are brought in to engage the Greek community with ideas to help us grow not only into better leaders, but better men and women as well.

GREEK WEEK

Greek Week is a weeklong celebration for all of the social fraternities and sororities on campus. It is a chance for members to come together to celebrate the spirit and pride of being a part of a fraternity or sorority. United together, the Greek community uses this time to show its passion for scholarship, service, leadership and brotherhood/sisterhood. All events are open to the campus community.

GREEK LIFE TASK FORCE

The Greek Life Task Force at Florida Tech tackled the charge of “Creating an Interfraternal Community of Value and Merit” through a five-year strategic plan. The report emerged from a foundation of absolute clarity of purpose: Florida Tech expects the fraternity and sorority community to succeed in providing a living and learning experience that complements and enriches broader student life on our campus.
College is one of the best experiences and biggest parts of your life. You learn about yourself, grow as a member of society and form relationships and memories that will last forever. Joining a fraternity adds another entire layer to your experience and has a massive impact on your social and professional life.

My name is Connor Bol, and I am the current president of the Interfraternity Council at Florida Tech. My greek experience began when I joined in the Fall of my freshman year here. While I was initially uncertain about Greek Life, and quite frankly did not really know what Greek Life was when I arrived at college, I kept an open mind about everything that was put before me. In the end it was the people I formed relationships with, and my desire to be a part of something bigger than myself that led me to join the Greek community. Opportunities for leadership development, community service, and friendship were presented to me by Greek Life and I was eager to make myself a part of it.

Since I joined, I have made friends and memories that I will keep with me for the rest of my life. I experienced things I otherwise wouldn’t have, had I not joined Greek Life - and I am thankful every day for my decision to join. I have grown as a leader and as a person holding high ranking positions inside and outside my fraternity, including being a chapter president and my current position as the Interfraternity Council president. I excelled in my classes to an extent that would not have been possible if I did not have the support of this Greek community. Had I been told four years ago that I would be where I am now, I would not have believed it.

One of the best things about our little community here at Florida Tech is the unity and bonds that are formed between all of the chapters on campus. We work together as one and never leave one another behind. Relations between chapters like this are not commonly found on other campuses that have Greek Life and are the reason that this Greek community thrives above many others.

Going Greek was one of the best decisions I made in my college career and I encourage you to consider becoming a part of Greek life and experience everything that we have to offer here while you pursue your studies at Florida Tech. On behalf of the Interfraternity Council, good luck in your beginning weeks of your new chapter in life and don’t forget to Go Greek!

Interfraternally,
Connor Bol, Interfraternity Council President

To receive a bid to join a fraternity, you must stop by the second floor of the Denius Student Center to sign your New Member Bill of Rights. Once there, you will receive an invitation(s) to those INVITE-ONLY events you have been invited to. The invitation will include where the event is located and how you can get there if you do not have a vehicle.

If you are unsure of the information provided, please contact the chapter(s) directly by using the president’s and/or recruitment chair’s information found in this book.
INTERFRATERNITY COUNCIL PREAMBLE

We, the Undergraduate Members of men’s fraternities, in an effort to lessen the disparity between fraternity ideas and individual behavior and to personalize these ideals in our daily experience, strive to abide by the values and ethics set forth by our chapters’ rituals. We, the fraternity men of Florida Institute of Technology, stand for academic achievement, for the respect of all persons, for guarding the health and safety of all human beings, and for the challenge to our brothers to uphold fraternal ideas in their daily lives.

POTENTIAL MEMBER BILL OF RIGHTS

I know that I can approach the disassociated observers to answer any questions I may have. These observers are the Director of Greek Life and the executive board of InterFraternal Council (IFC):

I hereby understand that I have the following rights during Formal Fraternity Recruitment Week:

• I have the right to ask questions at any time.
• I can leave any event at any time.
• I cannot be excluded from any event for reasons other than safety issues, cancellations or some other circumstance deemed by the Director of Greek Life and IFC executive board.

I understand that I have the following rights when it comes to handing out bids:

• I have the right to sign a bid whenever I want in a pressure-free environment.
• I have the right before signing my bid to have any questions answered so that I can make the best choice for myself.
• I have the right to know that after I sign my bid I can still drop my bid and sign with another organization. Signing your bid does not mean that you are now part of that organization but instead that you wish to be a part of that organization in the future and that you still have the option to drop or move to another organization.
• I have the right to notify the proper authorities if I am in any way put in a situation that makes me feel uncomfortable, and everything will stay anonymous.

To be eligible to receive a bid, you must attend Bid Day on Friday, Aug. 23, 2019, between 2–5 p.m. on the second floor of the Denius Student Center.
