Manage your retirement account online

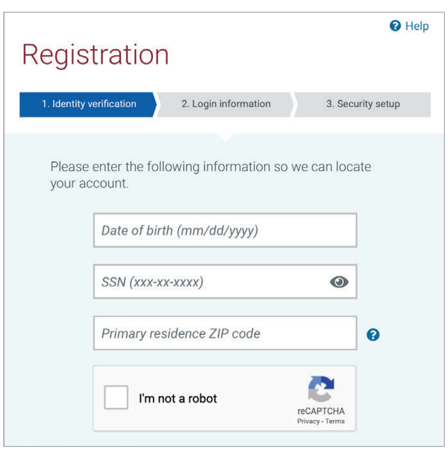
Get 24/7 access to your account and helpful tools.

We're focusing on your retirement security and helping to reduce paper by defaulting to online statements. Access your statements as soon as they're available in your online account — no waiting for the mail and no clutter in your home!

Not registered for your online account? It's fast and easy!

Follow these simple steps:

1. Go to LincolnFinancial.com/Register and create a username and password.
2. Log in using your new information and set up your security profile by selecting your personalized security image and three security questions.
3. Provide a telephone number for two-factor authentication. We'll send a confirmation code to your phone via your chosen method — either a text or a phone call. Two-factor authentication gives you an additional layer of security. Even if someone knows your password, he or she can't access your account without also having access to your phone.
4. The next time you log in, you'll receive a five-digit code on your phone. Enter the code to complete your login. If you select **Remember this device**, you won't be prompted for two-factor authentication on that device for 120 days.



Why register?

Your online account provides convenient 24/7 access, makes managing your account easier, and helps you track your progress. It also helps improve security! When you register, unauthorized persons can't falsely register in your name and gain access to your savings.

Sign up for email alerts with eDelivery

Once you're registered for your online account, it takes just a few clicks to sign up for eDelivery and get emails when new documents are available. It's only three steps:

1. Log in to your account and select **Communication Preferences** under Account Settings on the home page.
2. Make your elections for each document, then click **Save Changes**. (Want to make it simple? Select **Go paperless for all documents** at the top of the page.)
3. Accept the terms and conditions, and you're done!

If you want a paper copy of your statement, select **Mail** in Communication Preferences.
