- Only courses that satisfy requirements outlined by the curriculum guide or graduation evaluation form can be certified for VA purposes.
- If you add/drop/withdraw from a benefit-eligible class after the add/drop deadline and tuition/fees have already been reported, you may be required to repay any tuition and fees associated with the classes to both the VA and Florida Tech. Students are responsible for all debts resulting from reductions or terminations of enrollment, even if the payment was submitted directly to the school on your behalf.
- It is recommended that you keep track of your benefits, anticipate when they will end and plan accordingly.

**Post 9/11 GI Bill**

- The books/supplies stipend is paid each semester based on the credit hours that apply to your declared major and based on your eligibility percentage. These funds are paid to the student after tuition/fees are reported to the VA. The maximum books/supplies stipend is \$1,000 per academic year.
- The monthly housing allowance is paid directly to the student at the beginning of each month for the previous month. To receive housing, you must be enrolled with more than half of the semester's credits applying toward your program. Housing amounts paid by the VA are affected by your enrolled credit hours.

**If the VA denies your payment or pays a partial payment, Florida Tech will expect you to pay your account balance immediately.****I certify that I have read and understand this agreement.**
