Certification Information

- The VA will only pay for courses that satisfy requirements outlined by the curriculum guide or graduation evaluation form.
- If you add/drop/withdraw from a benefit-eligible class after the add/drop deadline and tuition/fees have already been reported, you may be required to repay any tuition and fees associated with the classes to both the VA and Florida Tech. Students are responsible for all debts resulting from reductions or terminations of enrollment, even if the payment was submitted directly to the school on your behalf.
- It is your responsibility to keep track of your benefits and anticipate when they will exhaust, and plan accordingly.

Post 9/11 GI Bill®

Annual books and supplies stipend

- The books/supplies stipend is paid each semester based on the credit hours that apply to your declared major and based on your eligibility percentage. The maximum books/supplies stipend is \$1,000 per academic year.

Monthly housing allowance (E5 with dependents)

- The monthly housing allowance is paid directly to the student at the beginning of each month for the previous month. The student must be enrolled in a semester more than half time in eligible courses for your declared major.
- Full payment or payment arrangements must be in place by the university assigned due date for any balance including housing or meal plan charges.

If the VA denies your payment or pays a partial amount, Florida Tech will expect you to pay your account balance.

I certify that I have read and understood this agreement.
