LETTER FROM STAFF

On behalf of the Orientation team, faculty and staff, we would like to officially welcome you to Florida Institute of Technology!

Reading this Orientation Guide means you are already on the right path to having a great orientation week! This guide was created to help you throughout Orientation and during your transition into Florida Tech. You also have four Orientation Coordinators, 42 Panther Prep Leaders (PPLs) and 14 Diplomats from all over the world who will be your guides through the first week of college. These fellow students will help you transition to Florida Tech by sharing their personal experiences and the skills they have gained as students. Remember, they were once in your shoes!

It is the mission of the Orientation team to equip you with the tools and resources you need in order to make a smooth transition into the college life. We hope by the end of orientation week you will be more aware of what Florida Tech has to offer, feel at home on our campus and know how to succeed in your first year. To get the best out of Florida Tech and Orientation, be sure to stay informed with any updates or changes happening as you explore this Orientation Guide thoroughly, and attend as many events as you can!

Again, welcome to Florida Institute of Technology. We hope you are just as excited as we are for Orientation!

Best of Luck,

Krishna Patel
