AGREEMENT/WAIVER

I am responsible for the operation of my vehicle in accordance with the Florida Tech vehicle regulations and am responsible for familiarizing myself with them. (Complete regulations are available online at www.fit.edu/security). I also affirm that I have a valid driver's license and that all information provided on this card is true and accurate. I understand that the assigned parking decal must be clearly displayed from the rear of the vehicle.

I understand that I will be charged for this permit and it must be renewed prior to expiration. If unsure about the expiration date, I understand that it is my responsibility to verify same. I will be responsible for any fines which I accumulate, or are accumulated by anyone else operating my vehicle, and will remit payment in the form of check, cash, money order or credit card.

It is understood that purchasing a decal is not a guarantee of a parking space (exception: Reserved Parking Pass). The purchase of a decal merely allows the holder of the decal to park the registered vehicle on campus.

I understand that although the decal is for a full 12 months all student vehicles must be removed after the spring semester unless you are registered for the summer semester. If you are not registered for the summer semester, your vehicle must be removed from campus by the Monday after commencement.

If you are planning to leave your vehicle over the summer and are NOT registered for classes, you must contact the Security Office for directions on where to park. In order to leave the vehicle on campus, you must have a valid registration plate, a valid parking decal, and you must leave a key to the vehicle in the event the vehicle must be moved. You must also leave a good contact number in the event we need to contact you.

- Florida Institute of Technology is not responsible for any damages to your vehicle.
- Vehicles left without permission or improperly parked will be ticketed and may be towed at the option of the Security Office at YOUR expense.

Should a new decal be required for any reason, a new one must be purchased at the full price.

(Exception—If you return a majority portion of the decal with the decal number/expiration date showing, only a \$20 fee will be assessed.)

I understand that should I request a jumpstart on my vehicle by FIT representatives, I waive all liability in the event of damage to said vehicle. Display of parking permit does not invalidate your obligation to follow all parking rules which are in effect 24/7.

No refunds will be given once a decal is purchased

Your signature indicates agreement of the above.
