Please join us for a keynote presentation by CAMPUSPEAK's Dr. Lori Bednarchik on the program: Wanna Make Out? A Conversation About Consent

In the "Wanna Make Out?" program, Lori takes a unique, positive, uninhibited and uncensored approach to talking about sexual consent and communication. The focus throughout the program is promoting safe, fun, positive, and consensual sexual activity, and providing participants with specific and practical skills to effectively communicate to, and with their partner about sex and consent.
