Date: Oct. 17, 2018  
Re: Changing Graduation Requirements: BA Applied Behavior Analysis in Psychology

The School of Psychology (SOP) requests to change the degree requirements for the Bachelor of Arts in Applied Behavior Analysis in Psychology major. Upcoming changes in certification requirements necessitate adding an additional 15 hour (1 credit) course of ethics, BEH4014 Ethics in Applied Settings (approved March 2018 UGCC meeting). The addition of BEH4014 increases the required credits for the BA in Behavior Analysis core from 19 to 20 credits. The number of free electives required for the degree would be reduced by one credit hour (from 10 to 9 credits).
The addition or removal of any graduation requirement in a major or minor requires that this form, accompanied by supporting documentation, be completed and approved as indicated below. Incomplete or incorrect forms will not be processed.

COLLEGE: College of Psychology and Liberal Arts
DEPARTMENT: Psychology

DEGREE LEVEL: Undergraduate
PROGRAM TITLE: Bachelor of Arts in Applied Behavior Analysis

TO BE INITIATED WITH CATALOG YEAR 2019-2020
CHANGE REQUESTED FOR: □ major program □ minor program 7148
Major/Minor Code

Program changes are effective beginning with the fall term in which they appear in the University Catalog.

☐ Yes  ☐ No Will this change impact the program’s assessment process? If yes, attach a description of how the assessment will be impacted and the new process.

DESCRIPTION OF REQUESTED CHANGES: Attach a more detailed description and any supporting documentation.

The School of Psychology (SOP) requests to make changes to the Bachelor of Arts in Applied Behavior Analysis in Psychology major. SOP requests to add BEH4014 Ethics in Applied Settings (approved March 2018 UGCC meeting) as a required core course. The addition of BEH4014 increases the required credits for the BA in Behavior Analysis core from 19 to 20 credits. The number of free electives required for the degree would be reduced by one credit hour (from 10 to 9 credits). The semester by semester program flow and the proposed changes are attached.

Approvals: On completion of appropriate department approvals, submit form to Chair, Graduate Council, or Chair, Undergraduate Curriculum Committee, for approval below and forward to the Catalog & Curriculum Manager.

TO: Undergraduate Curriculum Committee
FROM: Maria J. Lavooy, Applied Psychology Chair
THROUGH: Marshall Jones, Director of CoPLA Online Programs
          Lisa Steelman, CoPLA Dean
RE: SCI Change for 7147; SCI Change for 3147
DATE: October 17, 2018

Please find, attached, all necessary paperwork in support of science area changes affecting the
Applied Psychology AA and BA programs.

Previously, our online students only had two options for science requirements, EDS1021 General
Physical Science and EDS1022 General Biological Science. Since first-time-in-college students
would take both of these courses to meet their general education requirements, the pre-requisite
for our PSY3423 Physiological Psychology (EDS1022 or EDS1032 or BIO1020) was not an
issue.

However, since the introduction of a third science class option (EDS1023 The Final Frontier), it
has become necessary to name the biological science course to meet the prerequisite
requirements for the required PSY3423 Physiological Psychology.

We propose naming the EDS1022 General Biological Science course in the general education
requirements to avoid this pre-requisite issue for the PSY3423 Physiological Psychology course.

Thank you
